About CoCoNet 2023

Technology is evolving at a rapid pace today, enabling faster change and advancement and leading the rate of change to accelerate. Every day, new technology is developed to make life easier, more advanced, and better for everyone.

CoCoNet'23 aims to provide a venue for researchers, engineers, academics, and industry experts from all around the world to showcase their research findings and development efforts in Computing and Network Communications. The conference has been indexed by Scopus, Web of Science and Ei Compendex.

The conference is technically supported by [IEEE Signal Processing Society Bangalore Chapter](#) and [IEEE Communications Society Bangalore Chapter](#).

All accepted papers of CoCoNet'23 main tracks and co-affiliated Symposiums will be published by Springer in [Lecture Notes in Electrical Engineering](#) (Scopus Indexed). The proceedings will be available via the SpringerLink digital library. The books of this series(proceedings) are submitted to ISI Proceedings, EI-Compendex, SCOPUS, MetaPress, Web of Science and Springerlink.

Conference Highlights

- Keynote & Banquet Talks
- Parallel Technical Sessions
- Poster Paper Sessions
- Best Paper Sessions
- Best Paper Awards
- Invited Talks
- Tutorials
- Symposiums & Workshops
- Panel Discussions
- Industry Posters
- Demos & Exhibits
- Doctoral Consortium
- Lightning Talks
- Hot off the Press
- Birds-of-a-Feather Sessions
- Tech Day Industry 4.0
- Hands-on Sessions
- Student Research Symposium

About ACN 2023

The **International Conference on Applied Soft Computing and Communication Networks (ACN)**, is an event that brings together researchers, practitioners, and academia who share their experiences and research results on all aspects of communication networks, mobility and networked systems. This conference also aims to hold several symposiums, workshops, special sessions and plenary/keynote talks for the same.

The main track of ACN'23 focuses on communication networks, distributed systems and application of soft computing techniques in solving real-world problems. ACN also promotes the use of AI techniques to address real-world problems.

The technical program for each affiliated event is independently administered, with each responsible for its own meeting's structure, content, and proceedings. However, the attendees are free to attend technical sessions of other co-affiliated events.

The following symposiums are co-affiliated with ACN'23:

- 9th International Symposium on Security in Computing and Communications (SSCC'23)
- 7th International Symposium on Signal Processing and Intelligent Recognition Systems (SIRS'23)
- 8th International Symposium on Intelligent Informatics (ISI'23)
- Seventh International Symposium on Intelligent Systems Technologies and Applications (ISTA'23)

Sponsorship Details

PLATINUM Sponsorship

Rs. 3 Lakhs

Platinum sponsors get the following benefits:

- One speaker slot in Plenary session of the conference
- Coverage in print media/website as per conference's publicity plan that gets to be in place
